

Dear FCC Commissioners & Staff:

I love my independent ISP. They have provided my business and my family with spectacular service for about 6 years now. Through work, I have dealt with several other national providers of Internet service and there is no comparison in the quality of service. My local ISP, Iglou, provides exceptional service, whereas, AOL,MSN, and many of the other larger ones have very poor service. Botoom line, is that this law should not pass.

Sincerely,
